How to Start your Journey?

To embark on your personalised cake journey, the first step is to reach out to Angel.

Angel will gather your details and provide an initial estimate for your dream cake. To secure your wedding day, consider reserving it with a £75 'Save The Day' fee, which serves as the first instalment toward your total cake cost

To formalise your bespoke cake order, Angel will furnish you with a detailed quote and accompanying Terms and Conditions. With an initial payment requirement of 30% of the cake cost, the balance becomes due three weeks prior to the scheduled delivery. This structured approach ensures a seamless and stress-free experience for you.

Explore delectable possibilities with free online/phone consultations! For in-person consultations and divine wedding cake tastings, charges apply but are deducted from your cake's total cost (valued £200+), ensuring a sweet deal.

Consultations

Start your cake planning with a free, no-obligation chat with Angel. Choose between a Zoom or phone call to discuss your requirements. Angel will guide you through the process for creating the perfect cake for your occasion.

Elevate your wedding cake planning by booking a consultation meeting with Angel. Whether at your chosen location or at our address. Angel is dedicated to understanding your detailed requirements. As an added treat, she'll bring along delightful cake tasters for you to savour and ensure your cake is as delicious as it is beautiful.

Experience personalized service with a face-to-face meeting for a nominal charge of £30, payable in advance. However, if you've already made an initial payment for your cake (valued at £200 or more), the meeting becomes complimentary and is deducted from the overall cost of your cake upon booking.
